IT IS NEVER TOO SOON TO LEARN COMMITMENT, DEDICATION, AND TEAMWORK.

The fundamental skills of baseball are what build a foundation of success! Join Coach McKay as he not only covers hitting, throwing, base running, pitching and defense, but the mental game as well. In Baseball, as in all sports, skills and ability to work with others are essential. Youth today, need direction and education to survive in tomorrow's world as they grow up. Sports often parallel what we consider to be skills useful in our work and play. Positive reinforcement in sports carry over in all other aspects of personal growth and can help shape the overall character of the individual in a positive manner. Our number one goal for these classes is the self confidence we can bring about to be able to play this great game of baseball and to learn teamwork as well.
