

WE HELP MAKE DREAMS COME TRUE.

PRIVATE LESSONS

There is no better way to get one on one instruction from high quality instructors than signing up for a Private Lesson with the Strike Zone. These 30-60 minute sessions concentrate on specific skills such as Pitching, Hitting, Catching, Fielding, and All Skills. The nature of the session assures the player he or she will receive the most in-depth and proper instruction available. For Private Pitching Lessons, our regulation real clay pitching mounds provide a realistic atmosphere for enhanced learning. Hitting Lessons are held in one of our three full size hitting tunnels and/or our automatic batting cages. Often times, our Private Lessons are used to maintain and enhance player's strength and skills throughout the year.

Private Lessons

Be the best you can be.
